

**Citadel Income Fund, Energy Income Fund and European Strategic Balanced Fund
(collectively the “Funds”)
Report from the Independent Review Committee to Unitholders
For the period from January 1, 2015 to December 31, 2015**

The following report describes the independent review committee (“IRC”) of the Funds and its related activities for the fiscal period from January 1, 2015 to December 31, 2015 (the “period”).

The IRC consists of the following three members initially appointed by Artemis Investment Management Limited (the “Manager”):

| <u>Member</u> | <u>Length of Service</u> | <u>Other IRC Memberships</u> |
|----------------------|--|-------------------------------------|
| Peter F. Chodos | Since inception (February 19, 2013) | None |
| John F. Mills | Since inception (February 19, 2013) | None |
| Michael Newman | Since inception (February 19, 2013) | None |

There have been no changes to the composition of the IRC during the period.

Independence

The members of the IRC have concluded that they have no material relationship with the Manager, the Funds or an investment advisor to the Funds that could reasonably be perceived to interfere with any member’s judgment regarding a conflict of interest matter.

Holdings of Securities

(a) Funds

With respect to each Fund, as at December 31, 2015, the percentage of units of the Fund beneficially owned, directly or indirectly, in aggregate, by all members of the IRC did not exceed 1%.

(b) Manager

As at December 31, 2015, the members of the IRC, in aggregate, beneficially owned, directly or indirectly, no securities of any class or series of voting share or equity securities of the Manager.

(c) Service providers

As at December 31, 2015, the members of the IRC, in aggregate, beneficially owned, directly or indirectly, less than 1% of securities of any class of voting or equity securities of a person or company providing services to the Funds or the Manager relating to the fund business.

Compensation

Effective April 2015, the compensation of each member of the IRC was increased to \$30,000 per annum (prior thereto, \$20,000 per annum) plus reimbursement of expenses associated with attendance at IRC meetings. The total compensation paid and accruing to the members was \$75,000 for the period. No amounts were paid to the IRC members by the Funds under indemnities in their favour during the period.

In concluding that this compensation was appropriate, the IRC considered: the nature and complexity of the Funds' operations; the time commitment required; and the level of information provided to the IRC members. The IRC considered and accepted the Manager's recommendations in respect of the compensation levels noted above.

Activities

During the period, the IRC's activities included reviewing and approving its mandate and reviewing the manner in which the combined cost of insurance for the Funds and the Manager was allocated between the Funds and the Manager. The IRC recommended that the cost allocated to each Fund not exceed the cost to such Fund of obtaining insurance independently of the Manager, which recommendation was followed.

The Manager determined, after reasonable inquiry by the IRC, that there were no referable matters to the IRC in 2015.

There were no recommendations or approvals requested by the Manager and not approved by the IRC during the period.

This report is respectfully submitted to you on behalf of the Independent Review Committee of the Funds.

Toronto, Canada
